NEW MEXICO BULLETIN NO. 460-7-2

SUBJECT: SAVE ENERGY, SAVE MONEY FACT SHEET PACKET

TO: All Offices

Purpose. To distribute Save Energy, Save Money Fact Sheet packets.

Expiration Date. September 30, 2007

In hard copy with this bulletin, you are being sent the Save Energy, Save Money Fact Sheet packet for your use. The NRCS Strategic Plan has designated “an adequate energy supply” as one of the three strategic venture goals for the agency. Improving energy management on farms and ranches will create environmental benefits, lower farm and ranch production costs, and decrease consumption of fossil fuels. NRCS has developed the attached fact sheets and brochure, in addition to energy estimator tools available at <http://www.nrcs.usda.gov/technical/energy/index.html>, for assisting farmers and ranchers.

Feel free to request further assistance from Linda Scheffe at 761-4448 and to provide input on energy opportunities and needs.

DENNIS ALEXANDER
State Conservationist
